Dear Tom and Tim:

Congratulations on the recognition of Narrow Gate Media as among the "Largest Indianapolis-Area Website Developers" by the *Indianapolis Business Journal*. The demand for website development and management, and marketing and e-commerce continues to grow and is becoming a highly competitive industry. You are to be congratulated for moving into the *IBJ* rankings for 2011.

One of my most enjoyable experiences is reading about the professional growth of Ball State alumni. We take great pride in your accomplishments and the entrepreneurship you have demonstrated since you established the company in 2000. Best wishes for much continued success.

Sincerely,

Jo Ann M. Gora, Ph.D.
